

Redux en RxJS

Florent Le Gall (Fluo) @flornt

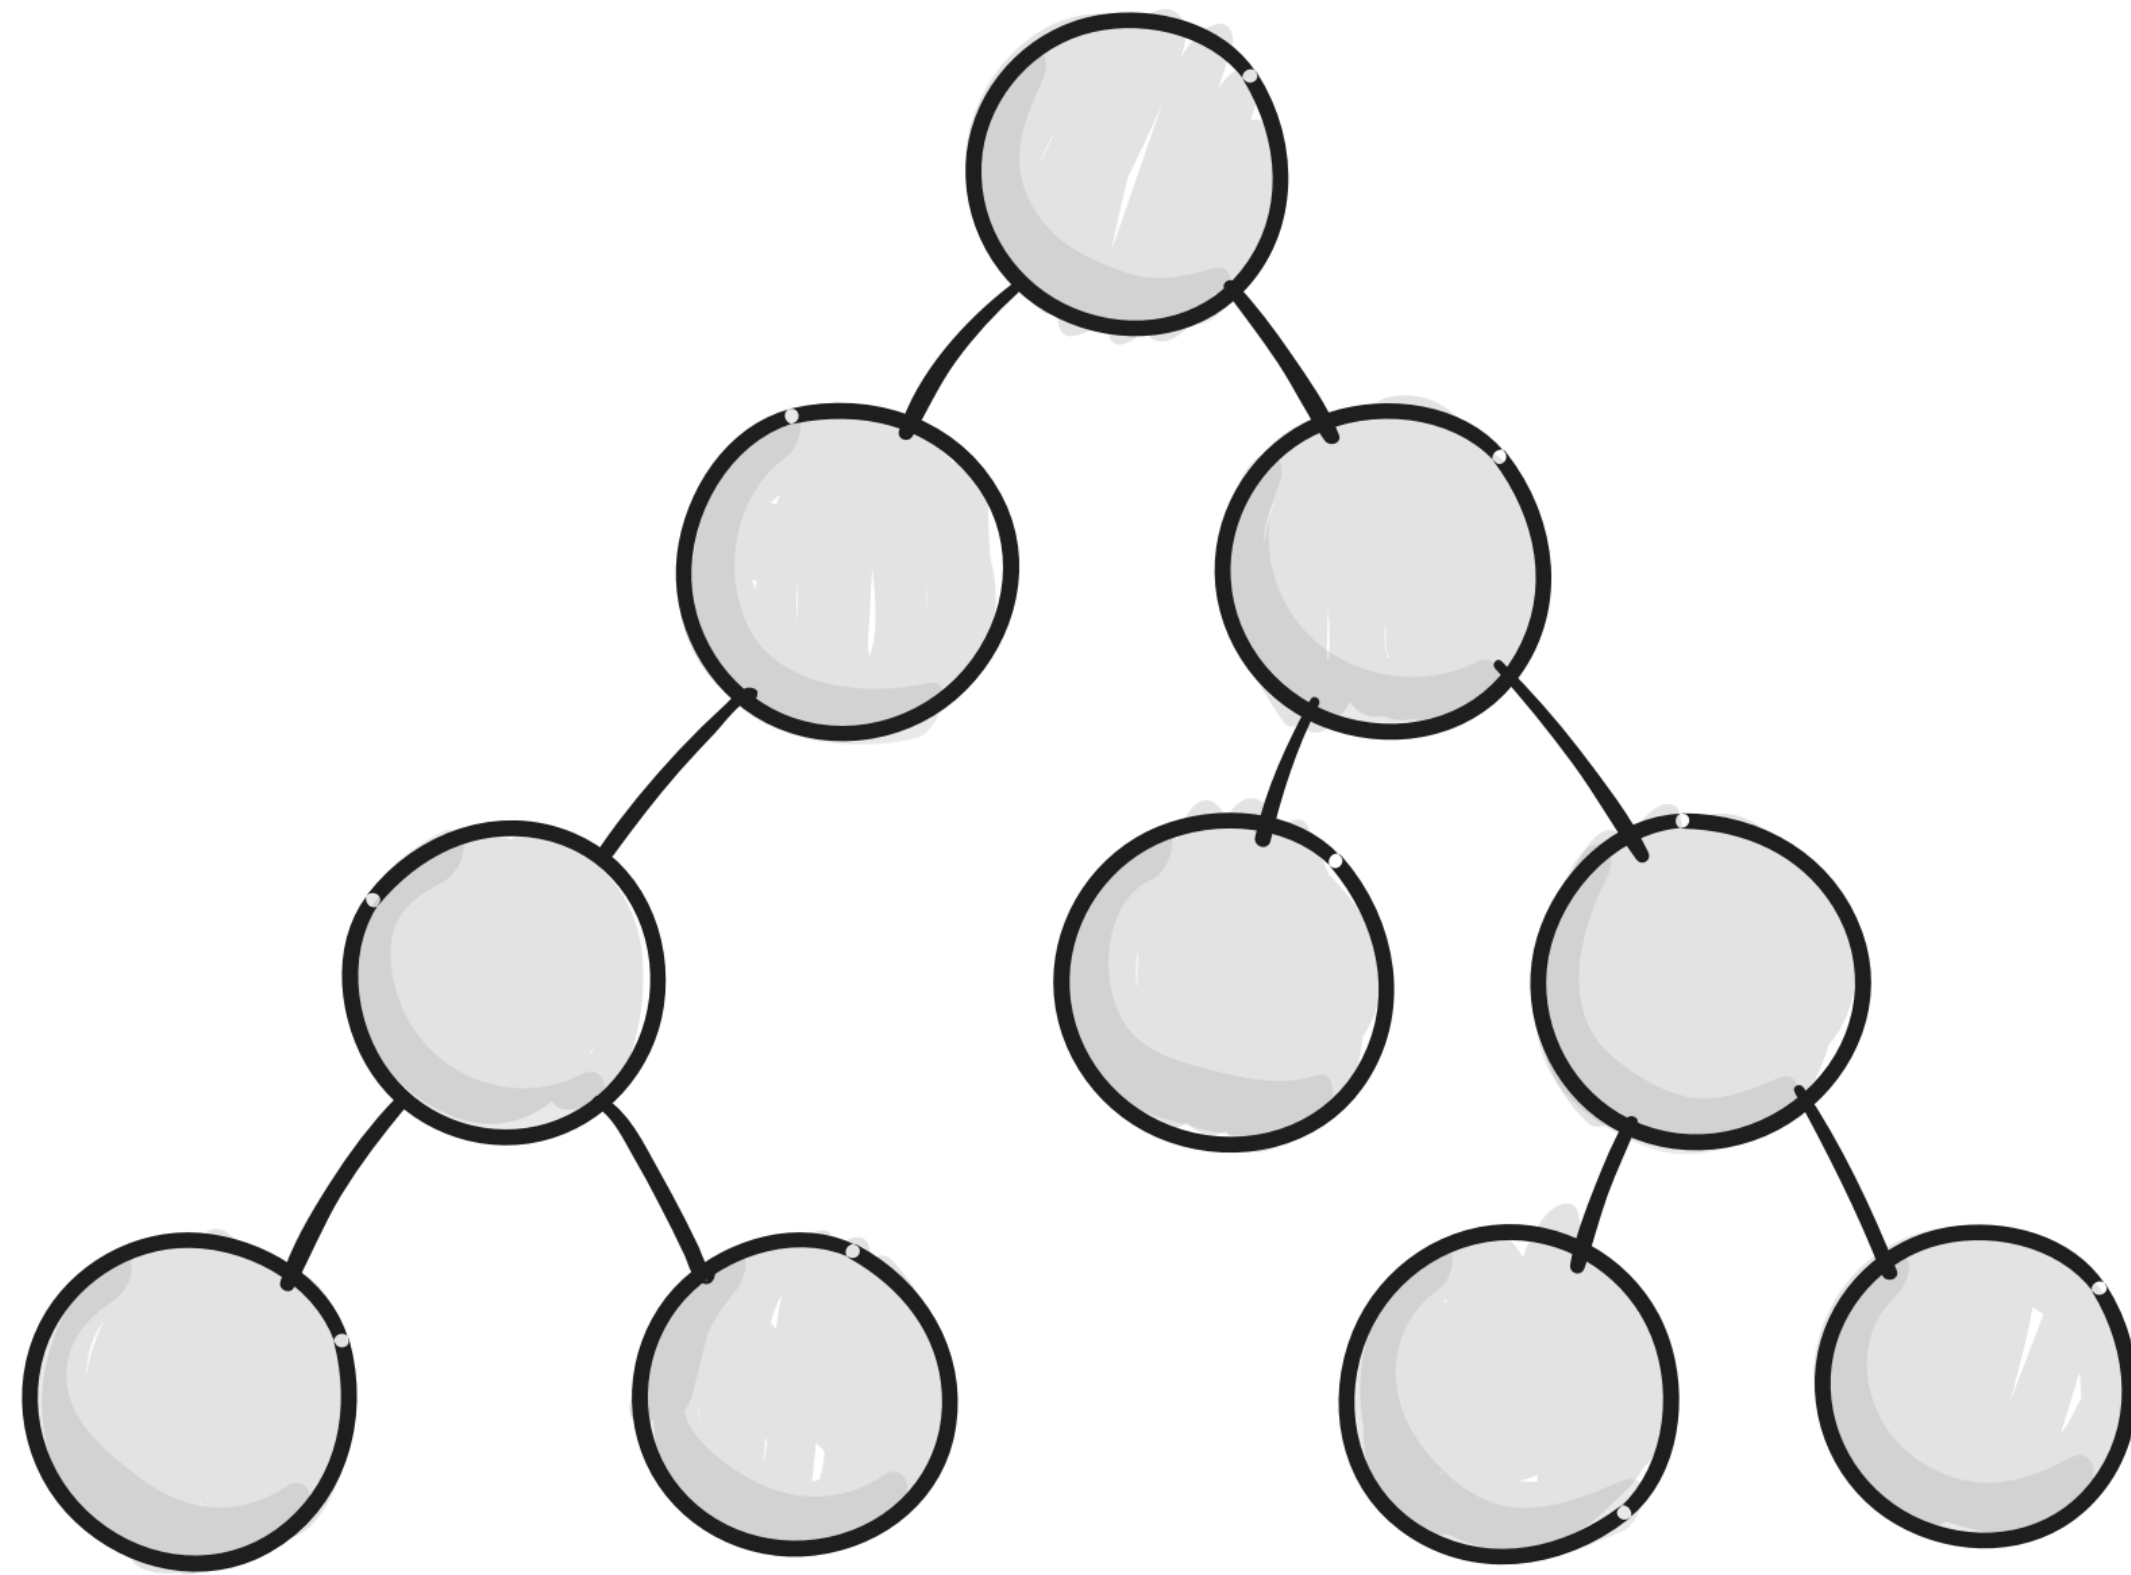

Redux en RxJS

- Redux ?
- RxJS - Scan
- Live coding

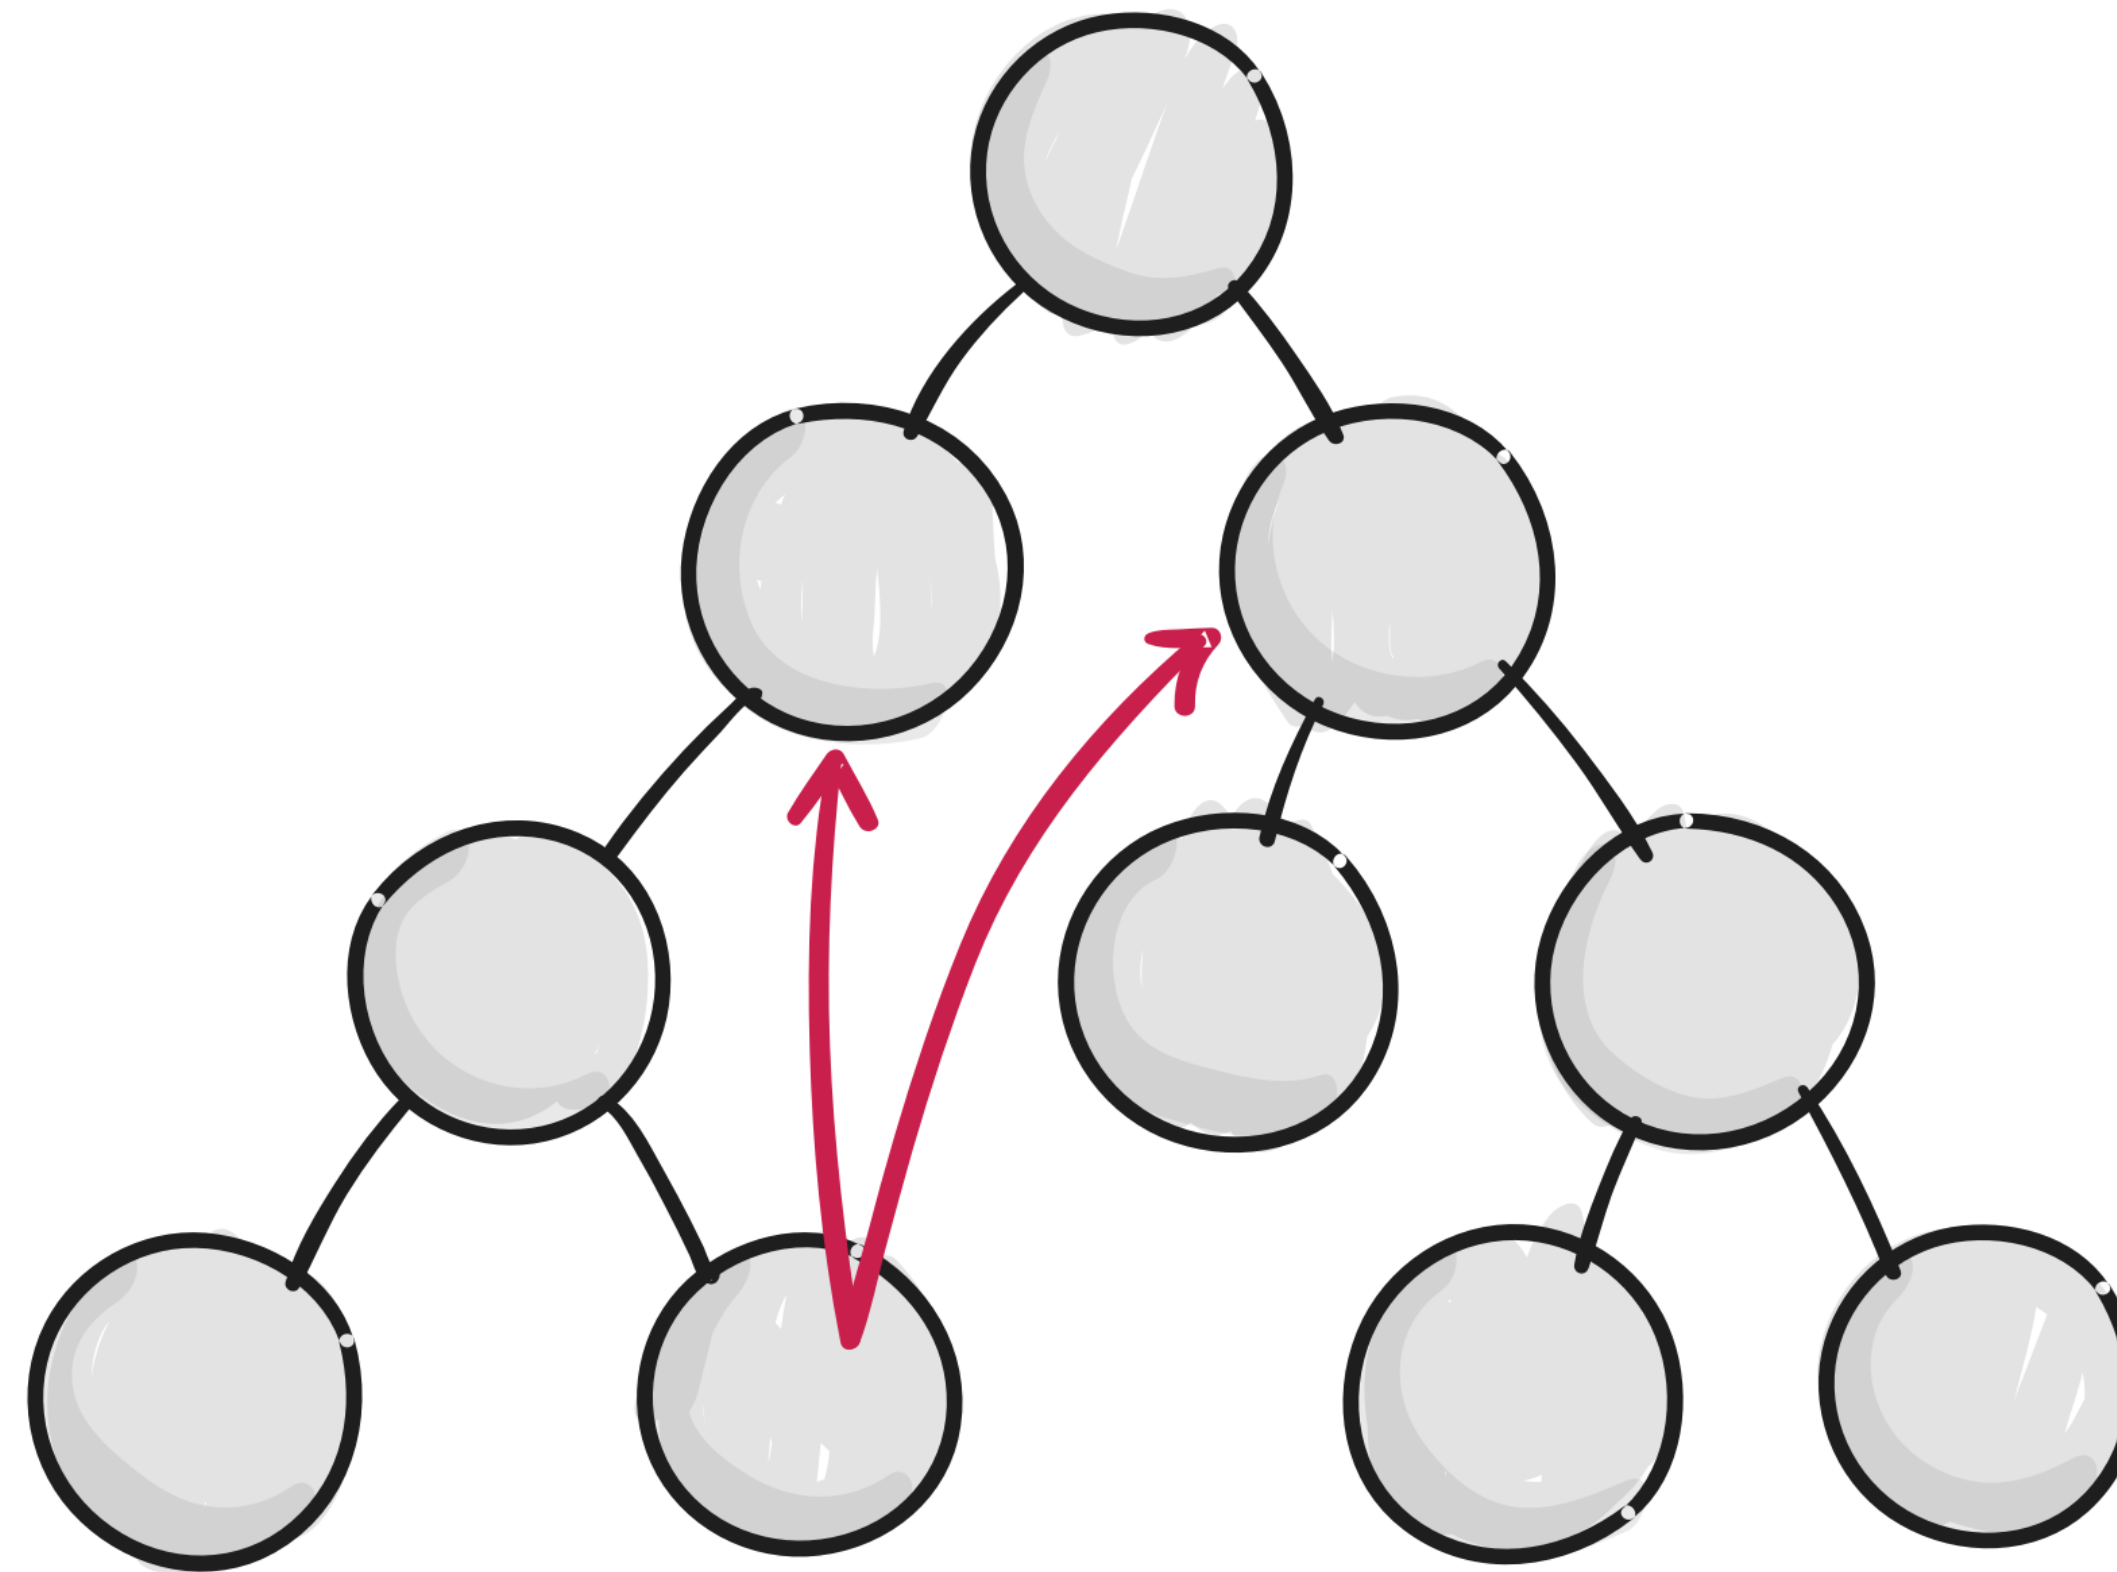

Redux

- “A predictable state container for JavaScript apps”

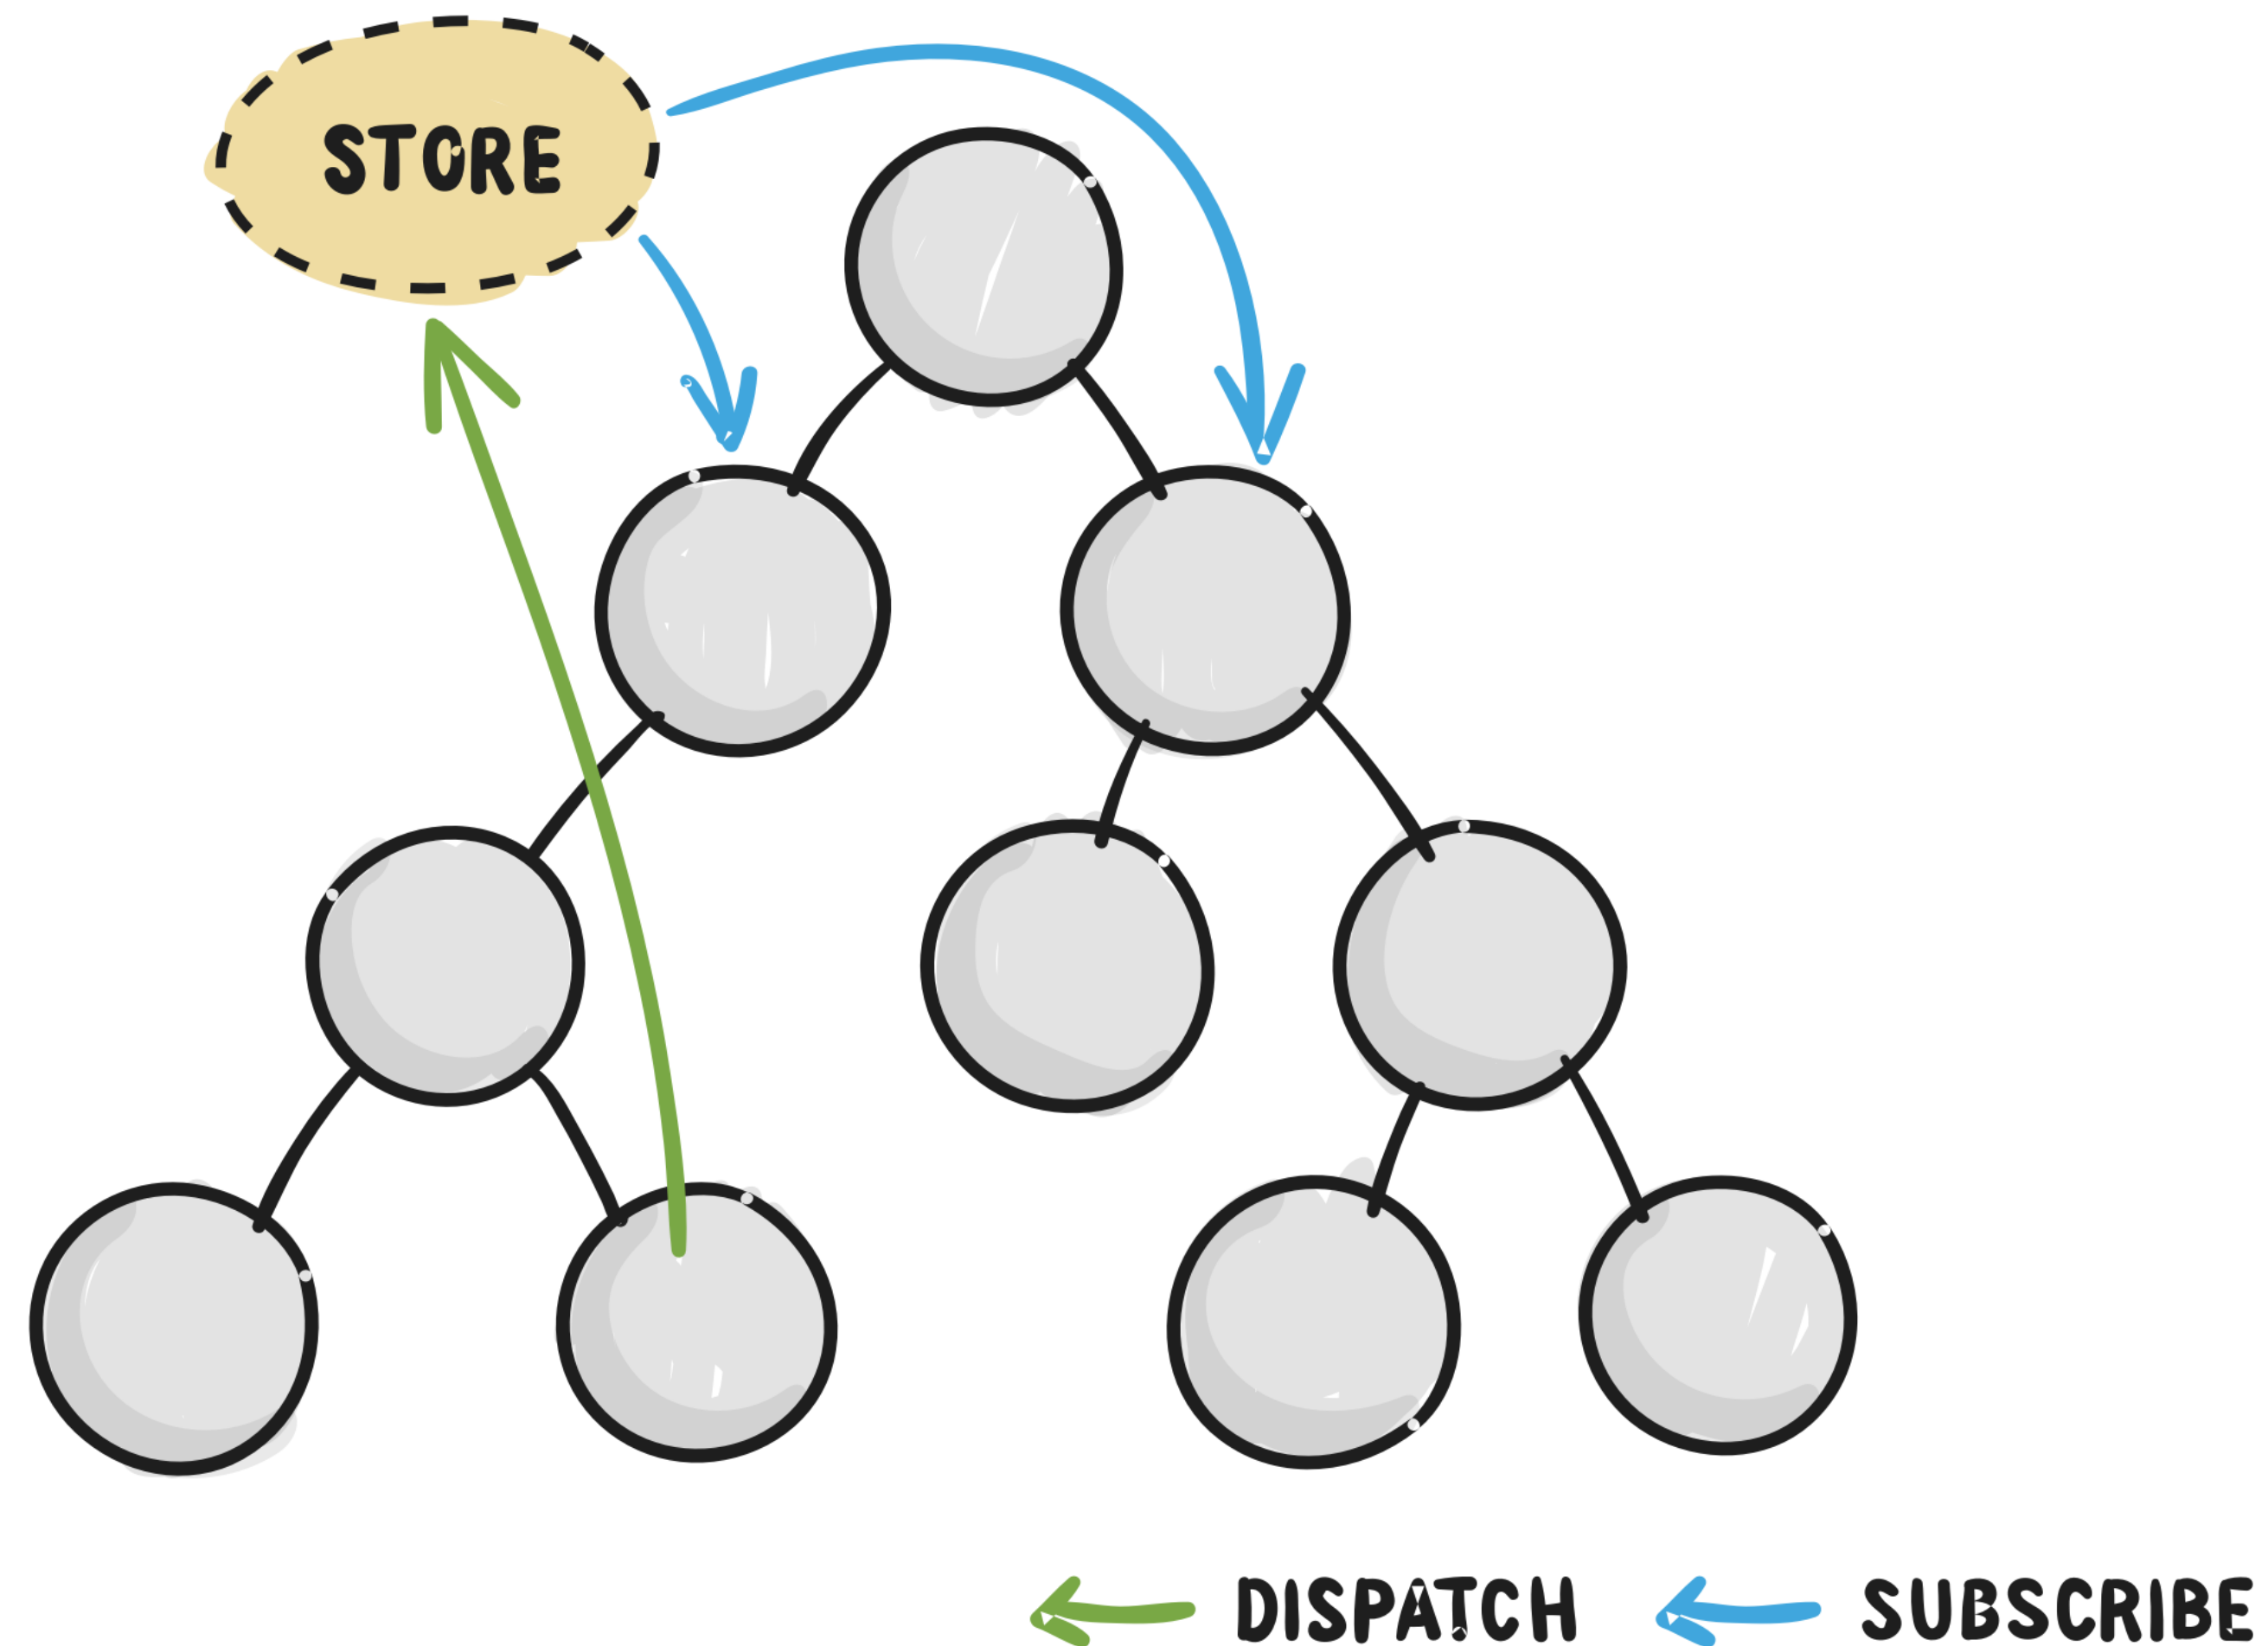

Redux

Redux

Redux

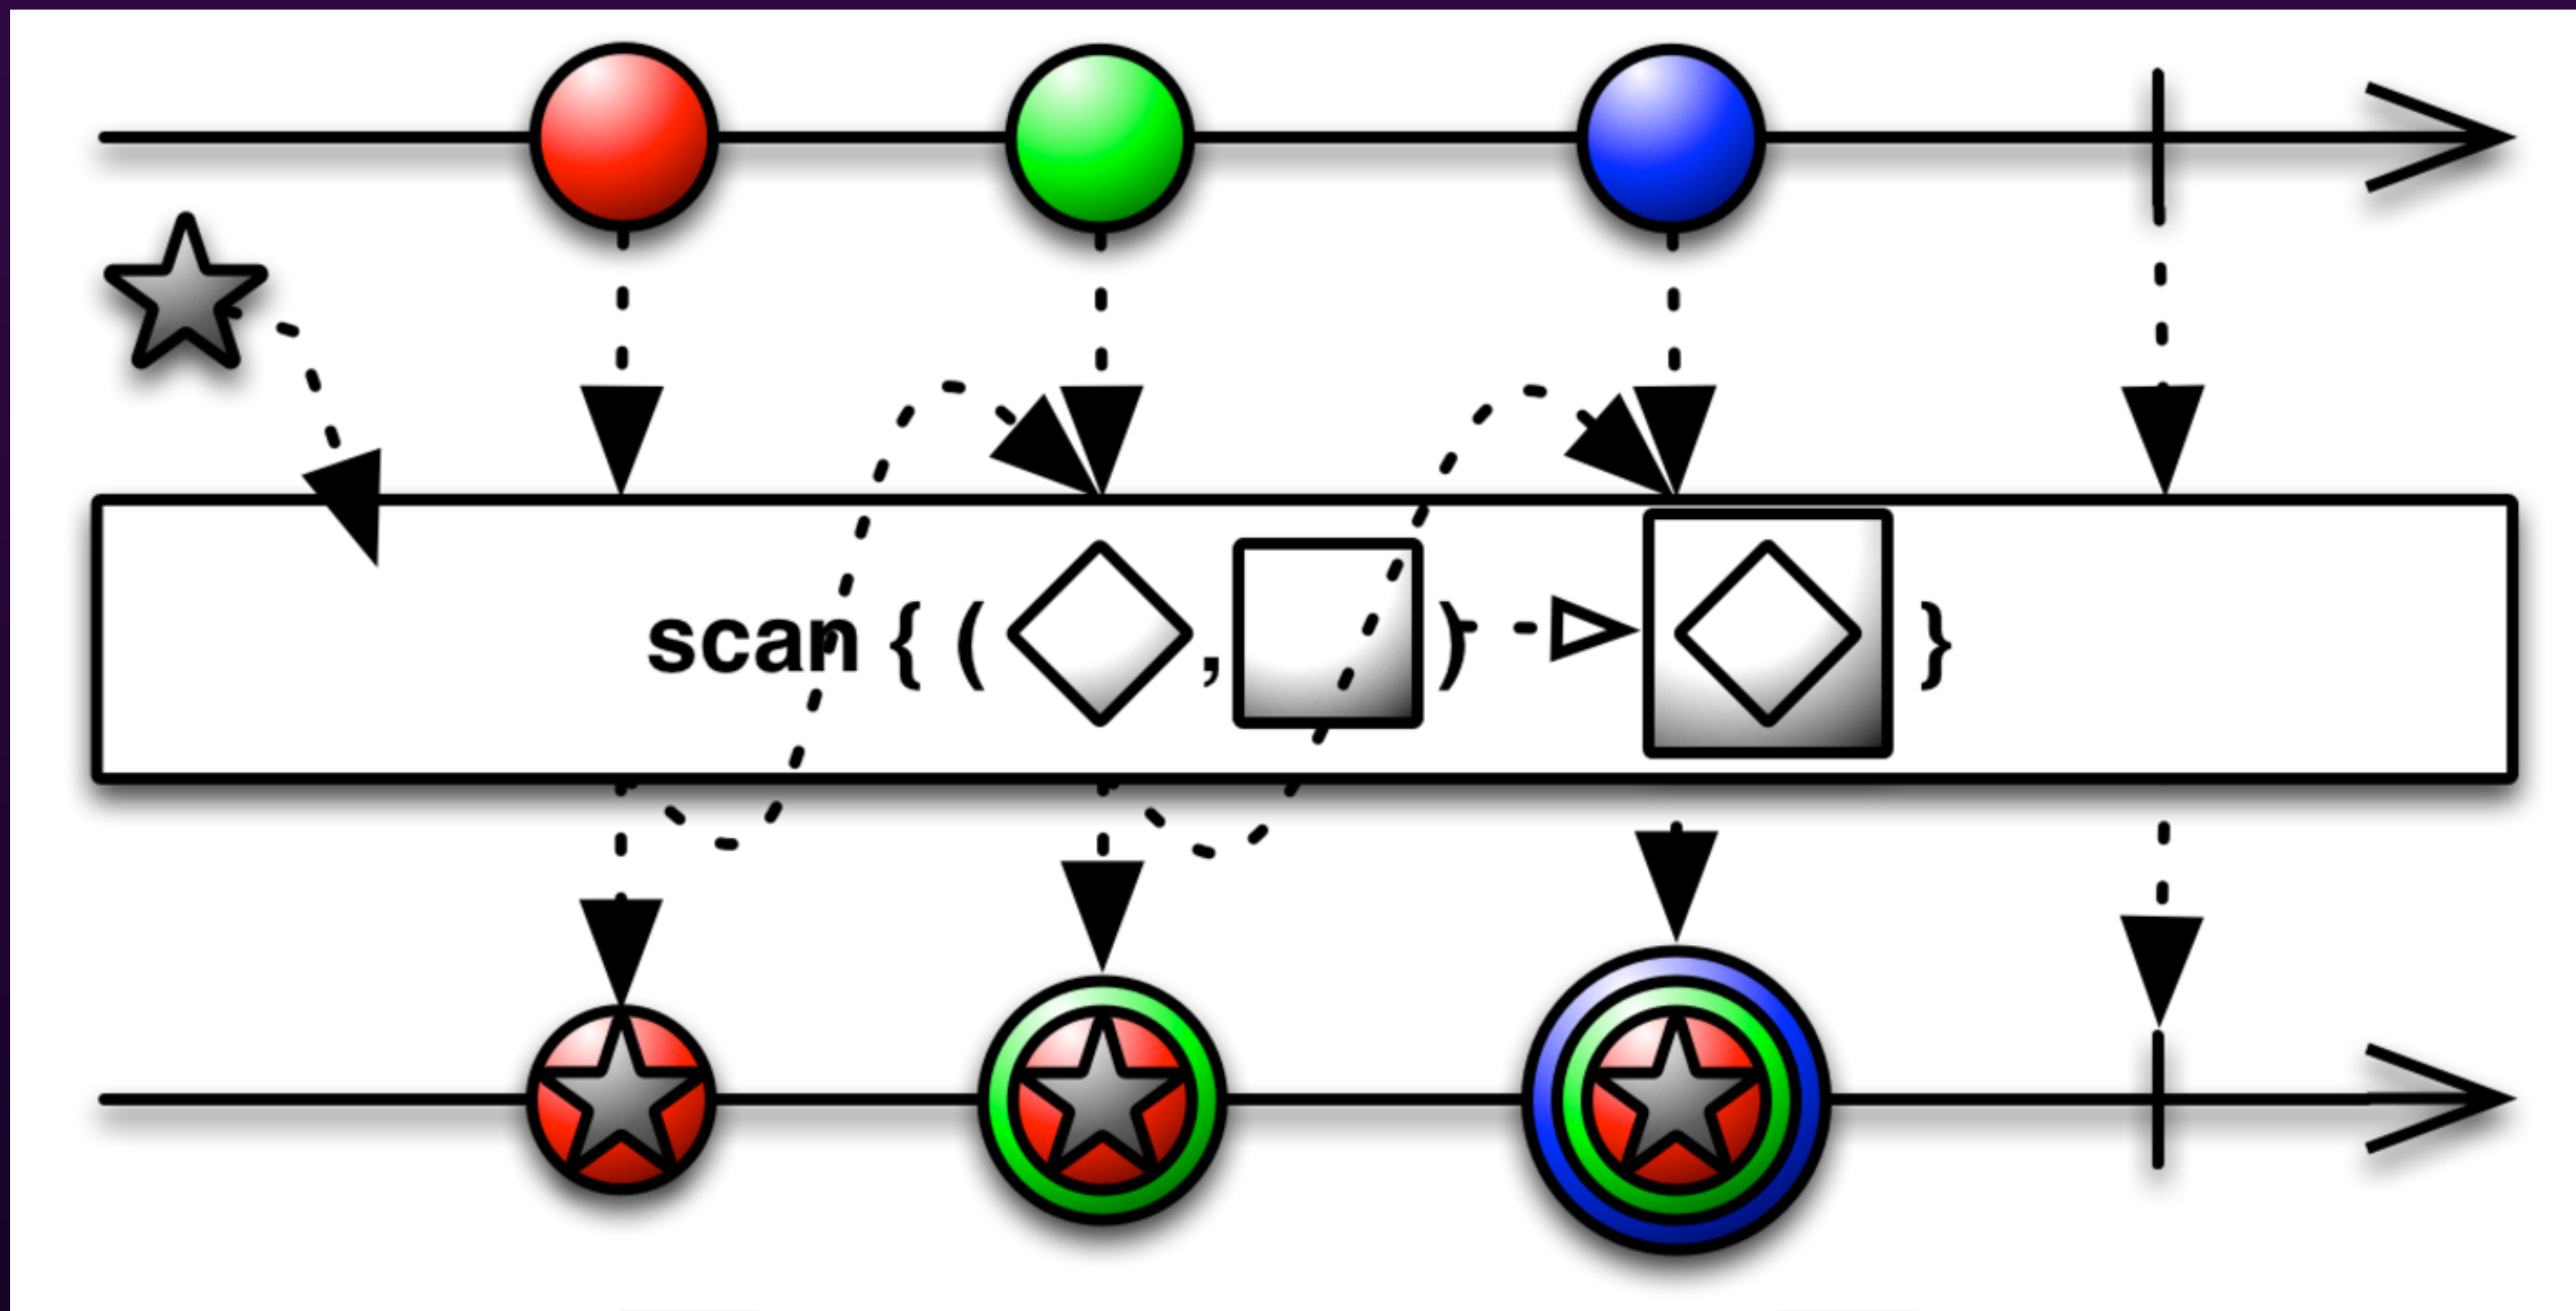

Redux

- Une seule source de vérité : le store
- L'état en lecture seule
- Changements réalisés avec des fonctions pures

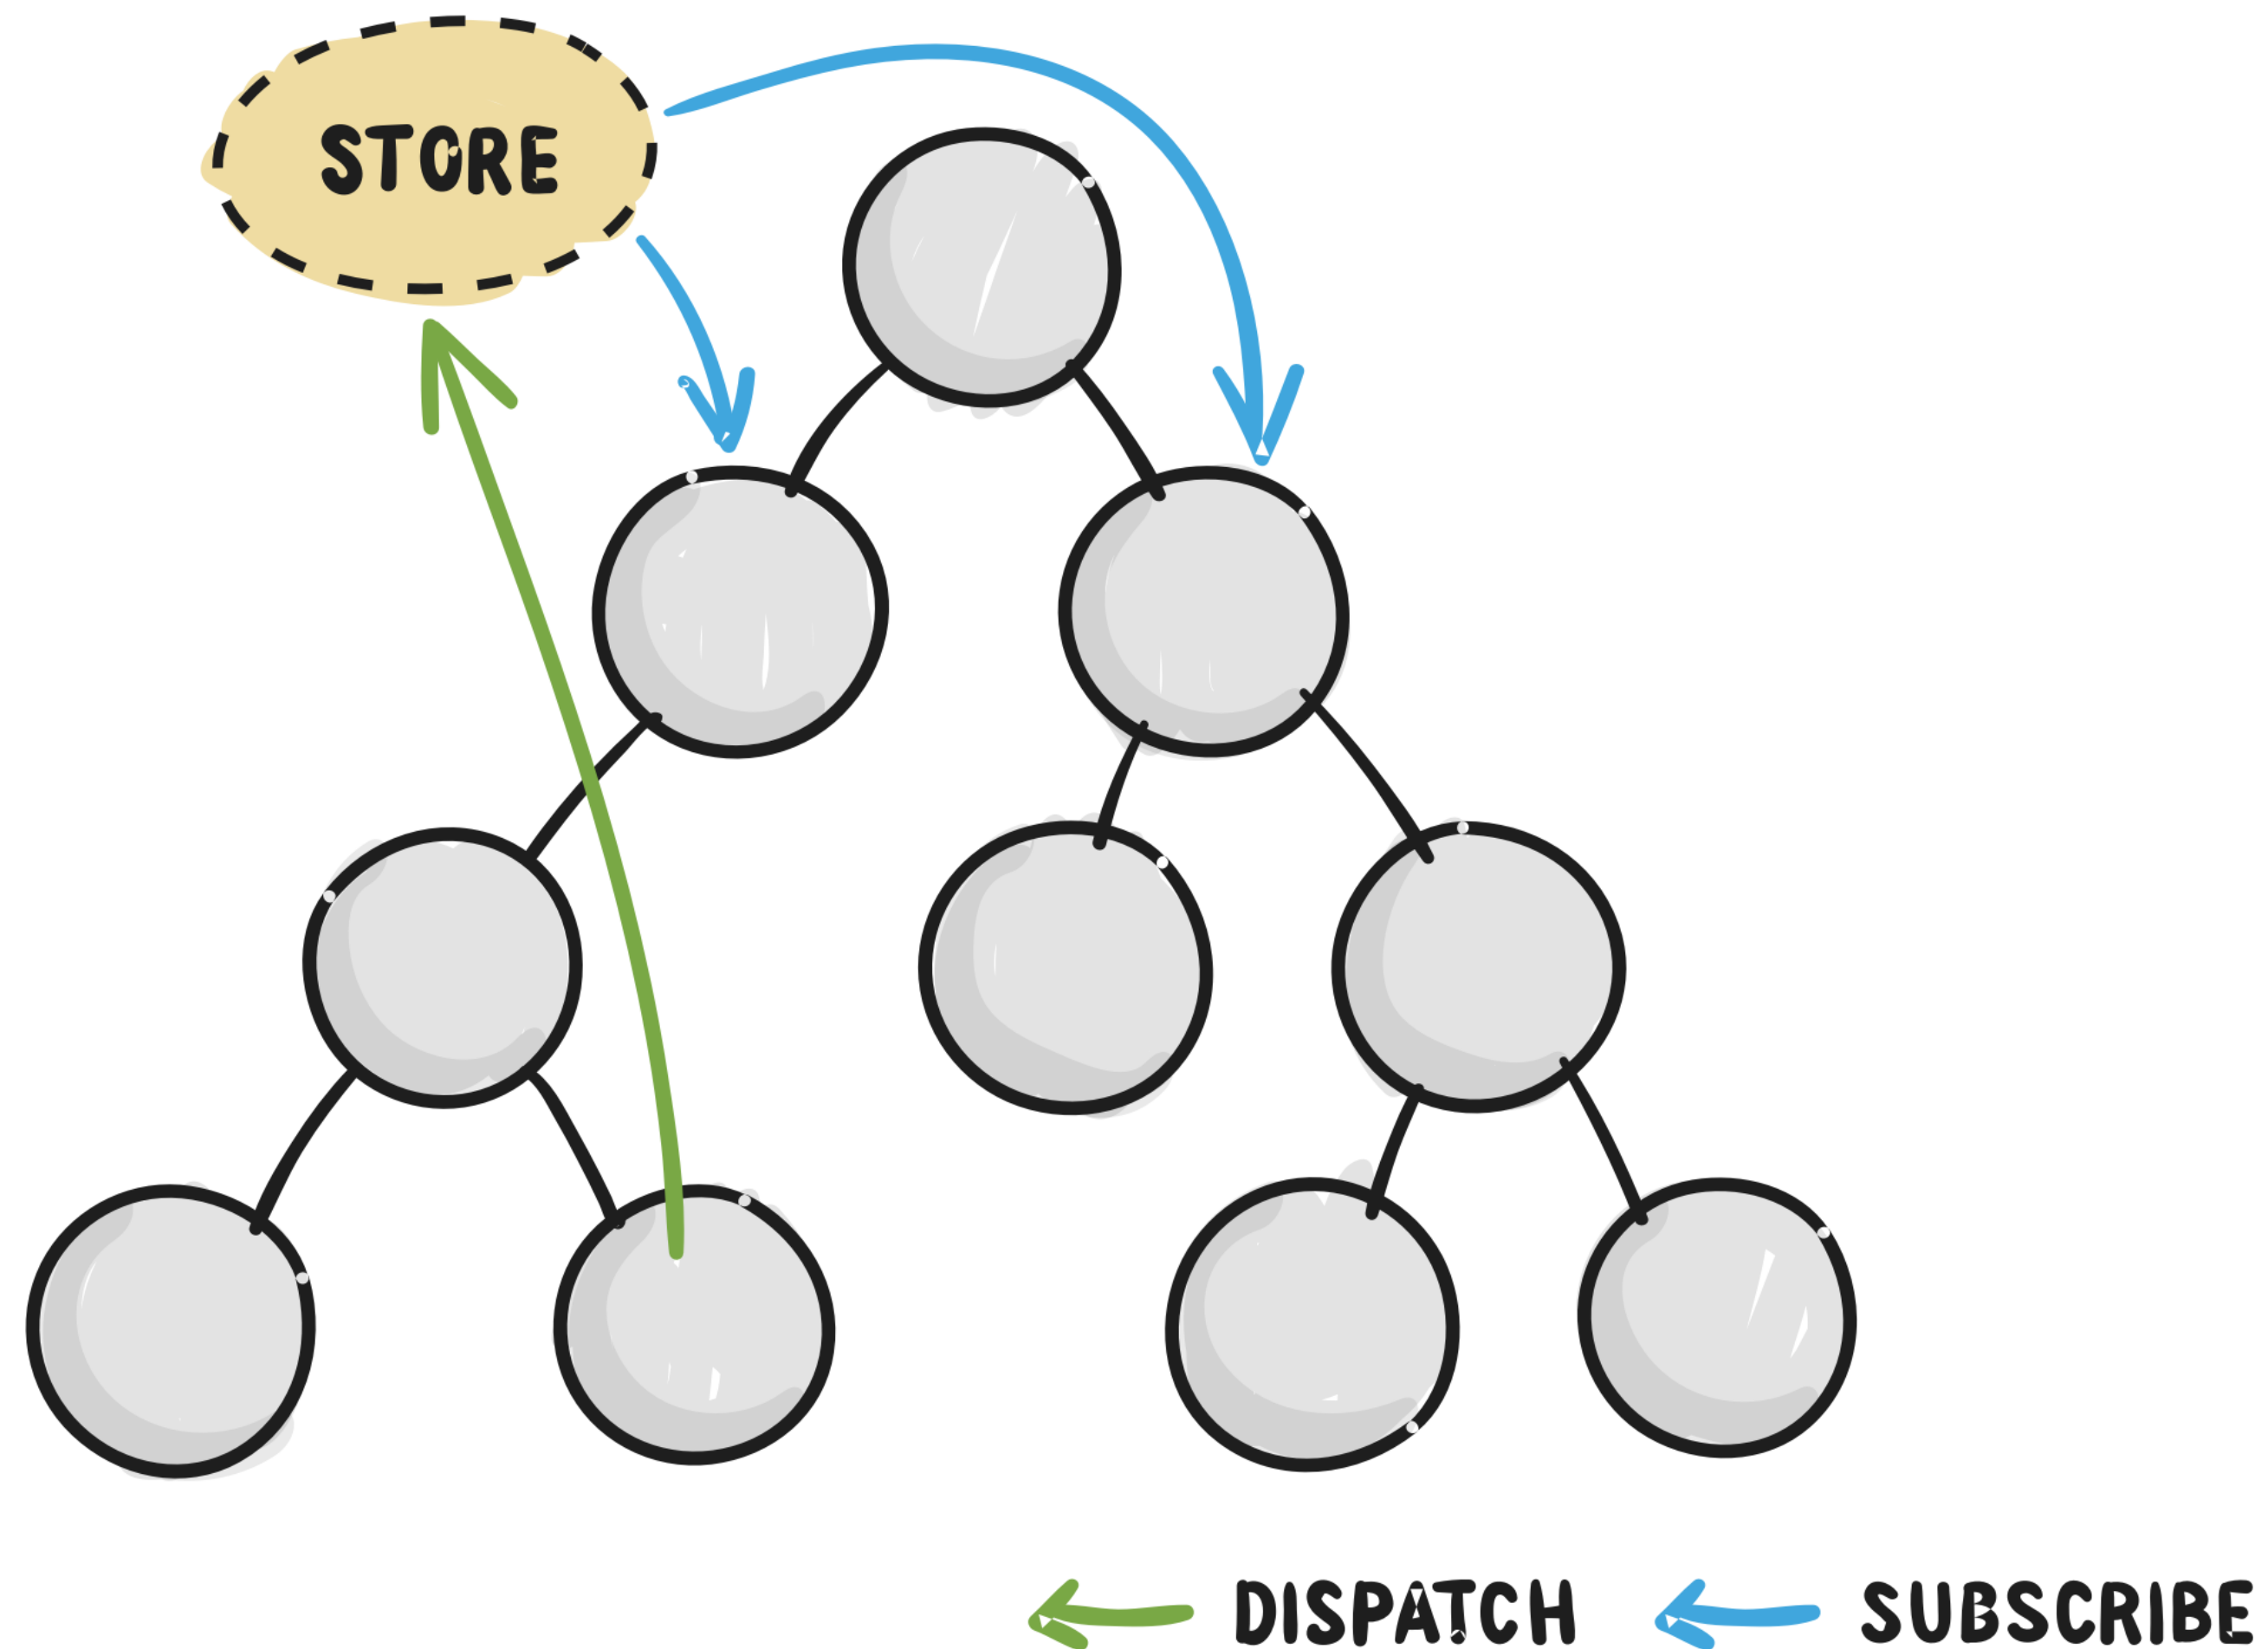

Redux

$(previousState, action) \Rightarrow newState$

Rx - Scan

Rx - Dispatch / Subscribe
